# PFAFF

The **Clear 1/4 inch Quilting Foot with right guide** is great for joining pieces of fabric as it gives clear visibility when sewing 1/4 seams. The red lines on the presser foot mark 1/4 inch pivot points in front of and behind the needle.

## Textile File:

**New from Robert Kaufman**  
**Seaweed and Bamboo add Luxury Feel to Every Day Fabrics**

Sea-Tiva 75% cotton 25% SeaCell Seaweed (algae) is the active ingredient that is rich in trace elements, thus mineral, and vitamins A, C, & E are released from the fiber in a humid environment onto the skin. Giving this fabric antiaging properties. Another green fabric from Robert Kaufman is Panda. This is a lovely blend of cotton and bamboo and is available in poplin and corduroy.

You may e-mail me:
